

THREE HUNDRED AND SIXTY KILLED IN IRELAND IN 1920

PEACE OUTLOOK FOR NEW YEAR THOUGHT BRIGHT

Irish People Are Now Tired
Of Warfare Is the
Opinion.

LISTS ARE TABULATED Irish Claim 700 Attacks Were Made By British Troops.

London, Jan. 1.—Three hundred and sixty persons were killed in Ireland during 1920. These figures were revealed by the official casualty chart of the Irish office today. Despite the large number of killed British officials were optimistic over the peace outlook in 1921. They base their hopes upon the fact that the Irish people are tired of violence and yearn for tranquility.

The casualties were listed as follows:

	Killed	Wounded
Police	176	264
Soldiers	54	126
Civilians	48	111

The casualties in the Ulster riots in June and September were listed separately. Twenty civilians were killed in Londonderry in this fighting and 62 in Belfast.

The Irish self determination league claims that the Irish office listed only such killings as those that occurred when the assailants were known to be Sinn Feiners or were supposed to be Sinn Feiners.

The organization alleges that nearly 100 persons died during the year as a result of their prison treatment.

The Irish self determination league claims that 700 attacks by British troops and policemen took place and that the victims were either unarmed men or women and children.

CONDITION OF PRELATE SERIOUS; THE LAST SACRAMENT GIVEN

Cardinal Gibbons Said To
Be Sinking Fast After
Sickness.

Baltimore, Md., Jan. 1.—Cardinal Gibbons yesterday suffered a severe relapse at the home of Robert T. Shriver, Union Mills. Carroll County, and slowly is sinking.

His physicians are perturbed greatly by his weakness, and after a consultation the last sacraments of the church were administered to the prelate.

The turn in the Cardinal's condition prompted Right Rev. Owens J. Corrigan, Auxiliary Bishop of Baltimore, who is associated with St. Gregory's Church to issue last night an official notice to the Catholic clergymen of the archdiocese, and through them to their congregations, directing prayers for the recovery of the prelate or in lieu of this, for a happy death. The notice follows:

"The condition of His Eminence today has been less favorable than at any time during his illness. He has received the last sacraments and the reverend pastors are requested to urge their people to offer prayers for His Eminence's speedy recovery or happy death."

"All pastors will please have the litany of the Blessed Virgin Mary recited after each mass until further orders for that intention. All the priests of the diocese will add in every mass, when the Rubrics permit the prayers from the mass 'pro infirmis', reciting the same in the singular number 'pro famulo nostro infirmo'."

"These prayers are to be recited until further orders. The religious communities are also asked to redouble their prayers that Almighty God will restore His Eminence speedily, if so be His holy will, to strength and good health."

WILL ENFORCE ACT

Marion, O., Jan. 1.—The country will have an opportunity after March 4 to learn whether it really approve prohibition, it was announced on unquestioned authority. Senator Harding plans to enforce the Volstead act with the utmost rigidity, close friends of the president elect declared. So far, these friends asserted the country has never had real prohibition.

TRICHINOSIS CAUSES DEATH OF WOMAN

Warren, Jan. 1.—Mrs. Ida Gillespie of North Bloomfield near here, died from trichinosis in a hospital here following an illness of 10 days. Her sister, Miss Cora Lower, of Cleveland, is in a critical condition.

The disease was contracted, it was believed, from eating freshly butchered pork. T. J. Gillespie, husband of the dead woman, and their two children, who also were ill, have recovered.

DAVIS ADVOCATES RESOLUTION FOR NEW YEAR PLEDGE

Keep Promises Of G. O. P.
Platform Urges Gov-
ernor-elect.

ENFORCE ALL LAWS

New Year Filled With
Boundless Opportuni-
ties, He Says

Columbus, O., Jan. 1.—"The New Year's resolution of the Republican party should be to keep the pledges in its platform, which were so heartily endorsed by the people of Ohio," declared Governor-elect Davis today, in a New Year's statement written for the International News Service.

"These include extension of benefits of the workmen's compensation act to those incapacitated through occupational disease; a budget system to balance out the income home rule taxation, and a pay-as-you-go policy; rigid limitation of public debt; a policy for the maintenance and repair of highways after construction, so that the tax payers' investment in good roads shall not be permitted to suffer waste; placing of the state bureau of markets on a functioning basis; recognition of veterans of all our wars, and steps toward consolidation of state department to curtail expense."

"We must discourage abuse of the parole system for hardened criminals. We must strictly enforce all laws on the statute books, without fear or favor."

"We must encourage agriculture, see that the farmer has a fair and just reward for his labor, and bring about an equitable relation between producer and consumer."

"We must give the interests of labor earnest consideration."

"With a distinguished son of Ohio preparing to occupy the White House, and another illustrious son about to don his toga, we may look forward to a return to constitutional government and somewhat milder L. S. H. R. D. L. and enactment of protective tariff which will safeguard American industries."

Nineteen twenty one peeps over the horizon with boundless opportunities, indeed."

CHARGE PROFITEERING TO COAL MEN OF CITY OF NEW YORK

Two Operators Involved
When Indictments Are
Returned.

New York, Jan. 1.—The Federal Grand Jury returned indictments charging the Haddock Mining Company, of Lucerne, Pa., and the von torch Collieries Company, of Scranton, Pa., and their exclusive sales agent in this city with profiteering in the sale of domestic sizes of anthracite coal in violation of the Lever act. The indictments were returned by the grand jury of the Southern District of New York.

Henry Meeker, of Meeker & Co., wholesale dealer, exclusive agent for the two companies, was named in both indictments.

The indictments returned on evidence further furnished by Armin W. Riley, head of the Government "flying squadron" of profiteer hunters, charged the Haddock Company with having sold at "unfair and unreasonable" prices 13,500 tons of coal during September and October. The indictment alleges that the company sold coal f. o. b. mines at from \$13 to \$15 a ton, when a "reasonable" price would have been about \$8.35 a ton.

The Von Torch Company is alleged to have sold 19,500 tons of coal during the same period at prices ranging from \$13 to \$15 a ton, when a "proper and reasonable" charge would have been \$8.35 to \$8.65 a ton.

DRY OFFICER RESIGNS

Cary, Ind., Jan. 1.—Captain D. C. Vanhook, prohibition commissioner for northwestern Indiana, said today that he had resigned and would be replaced by C. J. Simmons of Chicago. He declined to say why he resigned.

GAS VICTIM IS SAVED

Fostoria, Jan. 1.—Overcome from automobile fumes, Frank Lonsway, 50, lay in his garage four hours before being found. Three doctors worked with him all night before he regained consciousness.

WE' HAVE WITH US TODAY—

MINE WORKERS EXPRESS HOPE FOR PEACE IN OHIO DISTRICTS DURING COMING YEAR

Labor Will Fight Advent
of the "Open Shop" is
Word.

Columbus, Jan. 1.—Hope that the close of the new year will find a better understanding existing between employers and organized labor is expressed in a New Year's statement written for the International News Service by George W. Savage, secretary-treasurer of the Ohio United Mine Workers, the strongest group of organized workers in the Buckeye state.

"Dawn of the year 1921 brings to

P. R. R. OFFICIALS MEN AGREE TO END ALL LABOR TROUBLES

P. R. R.
All Chance of Strike In
Train Service Be-
lieved Ended.

Philadelphia, Jan. 1.—The Pennsylvania Railroad announced last night that it had concluded a mutual working agreement with the representatives of its engine and train service employees regarding the settlement of future labor differences, which "it lived up to in spirit by both sides, should, in the belief of the management, settle any question of strike on the Pennsylvania system as far as train operation is concerned."

The plan will go into effect today. The joint reviewing committee of the Pennsylvania Railroad system has been established as a medium to carry out the purposes of the peaceful settlement. Through this committee the employees involved will for the first time in history of the railroad have equal voice and vote with the management. The committee will constitute a court of review involving grievances, rules and working conditions, including discipline.

The committee will be composed of two representatives of the management from each of the four regions of the system, and on behalf of the employees, the general chairman of the men in the engine and train service. All votes will be of equal power and not less than two-thirds vote will be necessary to reach a decision upon any question presented.

Employees, who, through their accredited representatives, have joined the railroad management in the plan, according to the announcement, include the enginemen, conductors, firemen, hostlers, trainmen and switch tenders. They constitute the most numerous groups of employees directly engaged in the movement of freight and passenger traffic.

BUCYRUS INTERESTS ANNOUNCE WAGE CUTS

Bucyrus, O., Jan. 1.—All Bucyrus manufacturing interests today announced cuts in wages ranging from five to 15 per cent. The Hadfield-Pennfield Steel Company, Carroll Foundry and Machine Company and Ohio Crane Company are the latest concerns affected.

Philadelphia, Jan. 1.—It was officially announced by the Pennsylvania Railroad company that all persons traveling on passes must give seats to pay passengers when the trains are crowded.

mind some very perplexing questions as to what will be the outcome of the many problems to be solved during the reconstruction period," said Secretary Savage.

"Speaking as one who is much interested in a solution of the industrial or labor question that will insure a square deal to all concerned, I am of the opinion that if the interests of all are to be protected, a policy other than the one now being put forward by some employers of labor—the misnamed 'open shop'—will have to be abandoned if peace is to be maintained in the industrial world."

"Labor will never surrender its rights to organize for its own protection."

"The open shop means—and, in fact, it is—a closed shop—closed to organized labor."

"This is very apparent to those acquainted with the persons advocating that this policy be put in effect in the industries of this country. They have always been opposed to organized labor and are using the words 'open shop' as a blind to their real intentions to prevent labor from organizing. They are seeking to destroy labor or-

SENATOR FROM OHIO NOT IN FAVOR OF PLAN AS ADVOCATED

Pomerene Disagrees With
Manufacture Over Im-
migration Plan.

Washington, Jan. 1.—Ohio concerns opposing the immigration bill that has passed the house are not receiving any encouragement from Senator Pomerene.

George H. Hodgson, vice president and general manager of the Cleveland Worsted Mills Co., which operates 12 establishments scattered in various states, wrote to Senator Pomerene that a law forbidding immigration to this country for a certain period "would work more of a hardship and impose a greater economic waste on the people of the U. S. than any law that was put on our statute books."

Referring to that statement Senator Pomerene in his reply said:

"That may be your opinion but it is not mine. I have not decided in my own mind what exceptions should be inserted, but I am in favor of further restriction than we now have. The industrial centers of the country today show thousands and thousands out of employment. It will be a good deal better for this country to keep our own people employed than to add to the unemployment the millions who are knocking at our doors."

"While it is true that many good people want to come in who would make good citizens there are many others who would prove very undesirable. Let us also remember that under present conditions in Europe the government there will be very anxious to keep their best people who can aid in rehabilitation, and others will be encouraged to leave."

DEADHEADS TO STAND

Auckland, N. Z., Jan. 1.—The Americans made a clean sweep of the Davis cup tennis matches taking the final two singles today.

William M. Johnston, the flashy Californian, downed Norman Brooks in a four set match and William T. Tilden II, the American champion, took the measure of Gerald F. Patterson. The latter match also was a four set affair.

TERRITORY WHICH PAYS BULK OF TAXES TO CONTROL HOUSE

For First Time In History
Full Working Control
Given.

Washington, Jan. 1.—For the first time in history the territory which pays the bulk of federal taxes will have full working control of the house of representatives after March 4.

Checking up the new list, Rep. Madden of Illinois, found that with the opening of the new session the section east of the Mississippi and north of the Ohio River would have a solid Republican voting strength of 228. The house majority is 218. Mr. Madden's figures indicated that this section pays 84 1-2 per cent of all taxes, with the South and West, now able to control the house by joint action, paying the balance.

"This will give the Republicans from the taxpaying belt a clean majority hereafter over all other combinations," Mr. Madden said, "and I believe we will soon begin to see a change in sectional or class legislation."

"Under Democratic administrations the South has been in the saddle and the South paid only 6 per cent of all taxes. Most people have imagined that the landslide put the West on top in the house but that is wrong. It has never happened before that the territory paying the freight ran the legislative engine. It ought to be a good omen. It means that the majority stockholders of the country for they might be regarded in that light, will have the last say in the matter of tax burdens."

"By their vote in November the people decreed that the tail no longer should wag the dog in Congress."

NEW ADMINISTRATION TO ENFORCE "DRY" LAWS

HEAD OF MINE
BUREAU RESIGNS

Washington, Jan. 1.—Frederick G. Cottrell, director of the bureau of mines, presented his resignation to President Wilson through Secretary Payne of the interior department.

Secretary Payne in presenting the resignation recommended that H. Foster Daine, also of California, be appointed to the vacancy.

SECRET SERVICE COMBS IRELAND FOR DE VALERA

President Of Irish Republic
Slips Into Country By
Surprise

IS NEAR DUBLIN?

Whether He Will Be Ar-
rested When Found Is
Unknown.

London, Jan. 1.—Secret service agents are making a search in Ireland for Eamonn DeValera, "president of the Irish republic" who managed to slip back into the country in spite of the strong guards. Whether DeValera will be arrested if found is not known. Sir Hamar Greenwood, secretary for Ireland, was asked today if DeValera would be arrested but he declined to answer.

Scotland Yard officials are deeply chagrined over the ease with which the Sinn Fein leader eluded them. Some of the officials went so far as to express doubt as to the truth of the information that DeValera is in Ireland.

DeValera is supposed to be in or near Dublin but his exact hiding place has been kept a secret. It is regarded as possible that he may enter into the Irish peace negotiations at once without revealing his hiding place.

News that the Irish "president" had returned home recalled the persistent reports that he was sailing on the liner Aquitania. Scotland Yard had received positive information on December 24 that DeValera was returning on the Aquitania, but when the liner was searched at Southampton no trace of the elusive Irishman was found. It was held possible that DeValera had been upon the liner leaving her at a French port. It would have been easy for DeValera to cross from France to Ireland in a small boat or even a sailing freighter.

M'GANNON JURY DISCHARGED AFTER DEADLOCK LASTS

Fifty Three Ballots Taken,
Vote Stands 10 to 2 For
Conviction.

Cleveland, Jan. 1.—The jury in the case of William H. McGannon, chief justice of the municipal court, on trial for second degree murder of Harold C. Karg, May 8, was unable to agree on a verdict at 5:45 tonight and was discharged by Common Pleas Judge Maurice Bernon. The jury received the case at 6:15 p. m. Wednesday and had been deadlocked ever since. Judge McGannon was placed on trial Dec. 14.

The jury was out practically 46 hours and was hopelessly deadlocked from the start.

Fifty-three ballots were taken, one of the jurors announced, the vote standing 10 to two for conviction from the start.

At 5:45 p. m. the jury reported to Judge Bernon that it was unable to agree. The judge ordered the jury brought into the courtroom, and after being polled the foreman announced that the jurors were deadlocked, with no hope of an agreement being reached. Judge Bernon, who had insisted that the jury deliberate as long as there was any chance of an agreement, then dismissed the 12 men after thanking them for their efforts to reach an agreement.

After the jury was discharged Juror Hirschmann said he and Juror Glick voted for acquittal from the first ballot.

"I could not vote for conviction on the evidence presented," Hirschmann said.

The McGannon trial will be listed a mistrial and the judge will remain at liberty under bond.

Whether McGannon will be retired depends on the attitude of Prosecutor-elect Ward C. Stanton as Prosecutor Roland Baskin's term expires at midnight.

The McGannon jury set a new record for time elapsed in Cleveland murder trials.

VOICE OF PEOPLE WILL BE HEARD BY LAWMAKERS

Harding Determined To
Rigorously Enforce 18th
Amendment.

UP TO THE PUBLIC

May Relax Provisions Of
Volstead Act If It Is
Desired.

Marion, O., Jan. 1.—Those who climb aboard the waterwagon today may find it impossible even to fall off after March 4. Republican leaders reiterated today the determination of the Harding administration to enforce the eighteenth amendment with the utmost vigor.

They were equally insistent in expressing the belief that should public opinion resent rather than favor the establishment of absolute alcohol drouth, that legislative measures might be instituted to relax the provisions of the Volstead act to permit manufacture and sale of beer and light wines.

It will be recalled that Vice President Marshall declared it his belief that the majority of the members of congress, in their individual capacity did not favor the adoption of prohibition but that they felt called upon to follow the wishes of their constituents. Should the opinions of those constituents change after experience with real prohibition, it is the belief expressed here that regulations permitting sale and use of beer and light wines would meet with small opposition either from the White House or from the capital.

PLANE IS LOST

San Diego, Cal., Jan. 1.—The NC 4 following the twelve F5L planes of the Panama fleet lost the roof of the planes and flew clear to Magdalena Bay, nearly 700 miles south of here, before landing Thursday night, according to a late bulletin received at the North Island air station.

JANUARY CLEARANCE SALE

Sale Starts Wednesday, January 5th, and Continues Until January 22nd

It makes little difference if your winter needs are few or varied and extensive for this great savings event is making itself felt all over the store. On Apparel, Fabrics and in the Home Ware sections you will find that the sale prices are radically reduced. They are much lower, in fact, in many instances, than they were on goods of similar qualities before the war. Be on hand early though for although quantities are substantial we expect a record attendance at this climax to the back-to-rock-bottom-price drive. Here are some of the excellent economics we feel sure you will want to share in:

OLD TIME PARTIES NEW YEAR'S NIGHT AMONG MISSING

Jubilations of Pre-prohibition Days Are Lacking.

Columbus, O., Jan. 1.—The old time wild and woolly celebration marking the ushering in of the new year numbered among the missing here last midnight.

Of course bells rang, whistles tooted, auto horns honked, men and women in the downtown hotels and clubs donned paper hats, blew mirth provoking devices, marched snake fashion around tables, and a hilarious citizen now and then let out some shouts.

But the jubilations of pre-prohibition days, marked by the public unorking of bottled whiskey and other rip snorting stimulants, with the entire city police force on duty and the city prison crowded with drunks were absent.

The complete story would not be told, however, if it was not admitted that there was some drinking.

But it was a marked contrast to that which prevailed during the days of the open saloon. Packed bars circulating in the downtown eating places were kept under cover and waiters maintained close watch on the frequent checking and rechecking of overcoats.

SKATING IN VOGUE.

The lake at the O. S. and S. O. Home was covered with a heavy coating of ice on Wednesday and Thursday and the boys and girls enjoyed some skating until the warm weather interfered with the sport.

ELKS DANCE IS POPULAR AFFAIR

About two hundred young people responded to the invitation issued by the Elk's Club, and attended the New Year's dance given at the lodge rooms on Whiteman and Second Streets, Friday night.

The holiday spirit predominated in the minds of the guests, and the affair was successful in being the prettiest dance of the season.

Southern simlax was used in the decorations of the rooms. The Shepherd orchestra furnished a good brand of music, or the dancing. At eleven o'clock the dancers and guests were entertained by two members of the Keith circuit, who gave a snappy short program.

At midnight when the spirits were the highest, the guests were invited to the Club dining room where a delicious chicken banquet was served, while the old year bide it's departure. The dancing was resumed following the banquet and continued until the late, or rather early, hours of the morning.

MARRIAGE TAKES PLACE THURSDAY

The marriage of Miss Elsie Chapman to Jesse Taylor, took place Thursday morning at 10 o'clock at the parsonage of the First Baptist church in Xenia, the Rev. Albert Reed officiating. The couple were unattended, the bride being attired in a dark brown satin dress with hat, shoes and coat to match.

Mrs. Taylor is the daughter of Mr. and Mrs. Clarence Chapman of near Selma. The bridegroom is a farmer south of Jaestown. No wedding trip was planned and the couple will make their home at the farm of the groom near Jamestown.

WATCH NIGHT PARTY GIVEN ON FRIDAY

Thirty-five members of the D. D. club and their friends were entertained by Miss Katherine Ryan, at her home on West Second street, Friday evening, at a watch night party.

The evening was spent in dancing, music and cards, and a delicious two course supper was served by Miss Ryan during the evening. The Ryan home was decorated in the season's colors, poinsettias and Christmas greens being used about the rooms. Among those present were Miss Gertrude Welsh and Vincent Welsh of Dayton, and Donald Cast of Wilmington.

WOUNDED MAN IS IN CRITICAL CONDITION STILL

Joseph Abel, 21, shot through the liver and abdomen in a gun duel with Marshall W. A. Schneider, of Osborn, in that village Thursday night, is in a critical condition at the McClellan Hospital.

Reports from the hospital Saturday morning were that the condition of the gun victim was very low, and surgeons have practically given up hope for his recovery. Abel's mother, Mrs. M. P. Crawford, 1234 Broadway, Indianapolis, Ind., arrived in this city Friday and visited her son at the hospital. She said the boy's father was a physician and that he died five years ago.

Orlo Holden, 22, of Findlay and Toledo, who was shot through the arm, thigh, hips and groin, and Charles Chastain, 19, 306 Hancock avenue, Indianapolis, who was shot through the hip, are both rapidly recovering from their injuries and will recover according to physicians.

The three men have been placed under arrest by the sheriff and it is likely that charges of shooting with intent to kill will be placed against them. Their cases will be investigated by the Grand jury which meets for the January term Monday.

FRANCE'S LOSS 4,000,000

FOUR GAMES WON BY CENTRAL HIGH IN SINGLE NIGHT

Winning four games in a single night, was the way Central High School basketball players wound up the old year of 1919.

In order to establish a record that they would have as an example for the New Year, Coach Confer's cagers, went out and annexed four victories, the first team defeating Wayneville in the big game 60-8; the second team walloping Wayneville second team, 12-4; the Central High third team or "Team C" leaving the Beaver High second team on a short end of a 11-6 score and Central high first, second third teams, all contributing to the general downfall of Beaver High first team, the score being 32-4.

The use of the five men defense as instructed by the local mentor is absolutely prohibitive to basket shooting, as is indicated by the fact that the visitors in no case were able to score but a few points. In fact during the entire four games, only six field goals were scored off the local players, which is a defensive record of note.

While Central High second team was scheduled to play Beaver High first team, the Beaver lads evidently felt that it would look much better to be defeated by the first string quintet than by the second team, and insisted that they be permitted to play the first string five. The first team remained in the game but a few minutes, being replaced by substitutes from the second and third teams. The lineup and summary:

Xenia (32) Beaver (4)
Hudson ... lf ... Bartley
LeSourd (c) ... rf ... Green
Moore ... c ... Dernbaugh
Owens ... lg ... Wolf
Boxwell ... rg ... Kundert

Substitutions: R. LeSourd for Hudson, Vannorsdall for W. LeSourd, Shaw for Vannorsdall, Douthett for Moore, Currie for Owens, Witham for Boxwell, Shoup for Currie, Dernbaugh for Green, Green for Kundert, Kundert for Dernbaugh Johnson for Bartley.

Field goals: Hudson 1, W. LeSourd 2, Moore 3, Boxwell 1, R. LeSourd 2, Douthett 1, Green 1, Foul goals, W. LeSourd 2, R. LeSourd 5, Douthett 3, Referee, Young.

The third team defeated Beaver Seconds 11-6, the lineup and summary being:

Xenia (11) Beaver 2nds (6)

Cowan ... rg ... Smart

Substitutions: Wolary for Huston, W. Douthett for Wolary, Field goals: Kennedy 2, Terrell 2, Douthett 1, Hare 1, Brewer 1, Foul goals, Wolary 1, Hare 1.

Central High first team had a walkaway with Wayneville first team, from the time Hudson tossed the first basket. The lineup and summary:

Xenia (60) Wayneville 1sts (8)
Hudson ... lf ... Jones
LeSourd (c) ... rf ... Burton (c)

TWENTY YEARS AGO

Mrs. Dode Knisely and little son, Carl, have both been quite ill at their home on Chestnut street, but are now getting better.

The citizens of Spring Hill have reason to feel proud of their elegant new school building, now that the addition to it is being completed. The contractors will put the finishing touches to it within the next few weeks, but as the furnishings and other work connected with its completion will delay matters and the rooms will not be ready for use until the first of the school year. Four rooms have been added to the north side of the building making the tower in the center, and making a much handsomer and better balanced building.

The large water tank which has stood for so many years at the east end of the Pan Handle depot building will be torn away next week and the new one which has recently been erected will be put in use.

The first through sleeping car of the season from Pittsburgh to Florida passed through Xenia over the Pan Handle yesterday afternoon. The car is run twice a week and is intended to accommodate winter tourists. Xenians can leave here this afternoon and tomorrow evening can be in Jacksonville without change of cars. The car will be run for a couple of months.

MRS. JOHN BRANNEN DIES LATE FRIDAY

Mrs. Martha Brannen, wife of John Brannen, of Home Avenue, died at 5 o'clock Friday afternoon, at the McClellan Hospital, following an operation. The operation was performed on Thursday, and the condition of Mrs. Brannen was thought improving, until there was a sudden weakening of the heart action, which caused her death. Mrs. Brannen had been ill for two weeks preceding her operation.

Mrs. Brannen was the daughter of Joseph and Margaret Hoover, and was born in Bloomington, Clinton County, Ohio, April 18, 1866. Her marriage to Mr. Brannen took place December 24, 1886.

Besides her husband, Mrs. Brannen is survived by two children, a son and daughter, Mrs. Harry Toole of Louisville, Kentucky, and Ray Brannen, who is an employee of the O. S. and S. O. Home. This city. Three sisters also survive, Mrs. John Brannen of Powersville, Mrs. Kneen Mills of Greenville, Ohio, and Mrs. Cyrus Van Pelt of Newark, Ohio.

Mrs. Brannen was an active member of the First Methodist Church, this city, and also of the Aidara Chapter of the Eastern Star, the Daughters of Rebecca, and the Royal Neighbors. The funeral services will be held Monday afternoon at 2 o'clock, with burial at Woodland. Friends wishing to call are asked to do so Sunday afternoon after 2:30 o'clock.

RECEIVE WORD OF DEATH RECENTLY OF NELSON McCLELLAN

Word has been received in this city of the death of Nelson McClellan, of Marysville, a brother-in-law of Mrs. Lattimer, who was formerly employed at the O. S. and S. O. Home, at the Mt. Carmel Hospital, Columbus, December 19.—Sleeping sickness was the cause of his death. Mr. McClellan was well known by many of the Home employees and pupils. Mrs. Lattimer who was recently injured in an automobile accident, is reported as doing as well as could be expected, and the physicians are hopeful of saving her injured limb.

SAMUEL SAUNDERS DIES SATURDAY

Samuel Saunders, 69, was found dead in bed at his home in Jamestown, at 7 o'clock Saturday morning.

Mr. Saunders had been apparently in

good health Friday evening, being with friends in the village until ten o'clock. When his wife went to his room at seven o'clock Saturday morning she found he had passed away. A physician summoned pronounced death due to heart trouble.

Mr. Saunders was a well-known retired farmer, having operated a farm near Jamestown for a number of years and moving into the village about a year ago. He is survived by his wife, one son George Sanders at home and a daughter, Mrs. Walter Fields, of near Cedarville.

Funeral arrangements have not yet been completed.

IT'S GOOD FOR CHILDREN

Mrs. C. E. Schwab, 1007 14th St. Canton, Ohio, writes: "We use Foley's Honey and Tar for coughs and find it one of the best remedies on the market, especially good for children's coughs, as it does not contain any drug that is harmful." Serious sickness often follows lingering colds. Hard coughing racks a child's body and disturbs strength-giving sleep, and the poisons weaken the system so that disease cannot be warded off. Take Foley's in time. Sayre & Hemphill.

NEW YEAR'S RESOLUTIONS.

"Another year's at the door; upon his arm, behold
A basket full of seeds and bulbs and cuttings manifold,
And in his hand, with rake and hoe, a spade all clean and bright,
For us to bury past mistakes and start the New Year right."

Shall we make good resolutions on New Year's Day? By all means, yes. New Year's Day is more fitly celebrated by new resolutions than in any other way. To be in the genuine New Year's spirit, we must think, ponder our mistakes, and resolve to "scrap" them.

It is right to make resolutions. That is to say, it is right to look ahead, to foresee wherein we are liable to slip down and to make up our minds to step clear of the fault. There may be more than one fault to avoid. One at a time is the best way to take them. We must have patience with ourselves.

What resolutions shall we make? The resolutions of many contrite folk partake naturally of the moral and religious nature. The sanest kind of resolution is that which has to do with a more vigorous spiritual life.

Then there are a few resolutions of practical good cheer and loyalty:

I will be cheerful and avoid worry.

I will control my tongue, my temper, and my thoughts.

I will be loyal to my family, my community, my country, and humanity.

Each victory over a wrong habit clears the way for the next.

WATER RUNS DOWN HILL AND IS CHEAP—WE SHOULD HAVE MORE.

Predictions that passage of the federal water power bill, which became a law last June, would greatly increase water power development in the United States appear to have been justified. According to a recent report of the federal power commission, which was created through provision of the bill, applications to December 13 for permits looking toward water power developments involve an expenditure of 1,200 million dollars, and would increase by more than 40 per cent present development.

Under the act of last June the federal power commission may issue licenses or franchises for the development of power sites for a period of fifty years. At the end of that time the government may purchase the plants by paying for the investment, or may issue a new license.

The field of enterprise here opened up is extensive. Although billions of dollars are represented in the many power projects already in use in this country and thousands of plants and millions of people are being served by them, only a small percentage of the potential water power of the United States is developed. The department of the interior has estimated the potential water power of the country at 60 million horsepower, of which less than 10 million horsepower developed by hydro-electric plants is in service today. Only four states have developed their water power 100 per cent, and many states have scarcely made a beginning at development. In California, where the use of electricity developed by water plants is extensive, only 10 per cent of the state's available water power is in use.

THE WAY TO END CRIME WAVES.

From the Brooklyn Eagle.

Chicago suffered from a crime wave. Mayor Thompson yielded to an insistent public demand and made a change in the commissioner's office. The new incumbent has courage, horse sense and indomitable energy. The results of his brief service are these: No unsolved murders in a month; no payroll holdups (a specialty of Chicago criminals) in six weeks; a record breaking series of arrests and convictions for strongarm crime.

The head of the department tells how he believes that a police force is primarily an agency for the prevention of crime rather than an agency for detection. "I believe," he says, "that the strongest factor to prevent crime is the uniformed policeman patrolling the street." To make patrolling efficient he abolished soft snaps in the department, cutting down special details and swivel chair assignments, and thereby adding one thousand more patrolmen to the street force.

Commanding officers in Chicago are held rigidly accountable for the districts under their control. A card index of every patrolman is kept at headquarters, showing the individual records of the men. Under this system collusion between dishonest policemen and criminals may not be made impossible, but it is made extremely difficult. Useless patrolmen can be weeded out. Incompetent commanding officers can be brought to book. The morale of the entire force is jacked up by the knowledge that there is at headquarters an observant and restless intelligence, which can and will punish derelictions as well as reward honest and faithful service.

"CARRY ON!"

THE MODERN NOVELS.

I reckon I'm a fossil, I fear I'm headed wrong, as down the world I jostle, amid the modern throng. It makes me sad and weary to read the New Romance, wherein the authors dreary give action not a chance. The good old plot of Dickens, of Collins and of Reade no more a novel quickens, and fiction's gone to seed. We have the ghastly study of problems touching sex, instead of pirates bloody on red and slippery decks. And serpent-women vamping, and socialistic cranks, through modern tales are tramping in pestilential ranks. Such books are not inviting to one who walked the earth when Charlie Reade was writing "The Cloister and the Hearth." And time on them seems squandered, small pleasure do they yield, to one who's walked and wandered with "David Copperfield." They jeer the old time writers; "Victorian," they say, and hint that men were blighters who write in that past day. I would that story tellers who've hit the modern groove, would emulate those fellers, and make their stories move! Oh, I am tired of fiction devoid of stirring plots, that banks on charming fiction and lines that end in dots. Through bookstores I go wending for stuff to read, in vain; I like a happy ending, I want the villain slain.

YOUNG RESIGNS LOCAL POSITION

Ward Young, of this city, who spent the holidays at his home in Canton, has returned to Xenia.

Mr. Young, who was the representative of the Hoover electric sweeper of this city, has resigned with that company, and has accepted the position of athletic coach at South High School, Lima.

Mr. Young is an athletic product of Wittenberg College, Springfield, having captained the football team there, and twice being selected as all-Ohio center. He was also played on the varsity basketball squad at the Lutheran institution one year, and while in this city this fall, coached the Central High football team, working a quantity of green material into a

snappy football team. Mr. Young has been refereeing the high school basketball games, and will officiate at the three games at the Rink Friday evening. Saturday he will go to Springfield and will leave there for Lima Sunday.

DRIVEN FROM A FLAT

Mr. W. M. Fellers, who lived in Lima, Ohio, was compelled to move out of a flat because of his wife's ill health. The neighbors complained that they were annoyed and distressed by Mrs. Fellers' continued coughing. They believing her to have tuberculosis, asked the owner of the flat to have her move because of the danger to the other occupants.

Mrs. Fellers had taken cold which hung on and developed into serious bronchial trouble, she doctored but found no relief until she used Glando Pine. She says: "The first dose seemed to relieve me. Two bottles removed the cough entirely. I have gained in flesh and am just fine. My friends now tell me they never expected to see me out again."

To prevent a cough from developing into pneumonia, bronchitis or consumption use Glando Pine the same cough medicine Mrs. Fellers used. 3 oz. (60 cents worth) of Glando Pine mixed with any good syrup or honey will make one pint or 128 tea-spoon's full of excellent cough medicine. Every family should keep this valuable cough medicine on hand to use at the first indication of a cough or cold. May be given to very young children. They love to take it.

MARKET AND FINANCIAL NEWS

The department of agriculture as the year ends, is again urging the farmer to make an inventory of his property. Business men are making inventory of their stocks. No business man would think of doing otherwise.

The introduction of business methods on the farm, about which much is said and written, implied taking inventory would reveal to many a farmer gains or losses which he did not suspect and might appreciably alter his view of the season's profit. Through an inventory he will find the extent of losses, which equipment has been loaned, broken, lost or allowed to depreciate. Inventory often shows up many leaks that can be stopped.

Farm inventories are not difficult to make. They tell the farmer not only what the farm is worth but how his investment in equipment is distributed. Farming is an intricate business, says the department returns from which are sometimes long delayed. Cash income may almost be wholly attributable to reduction in assets. The farmer needs an exact and detailed system of measurement. The inventory is all the more important by reason of the large financial problems which confront the farmer, which Secretary Meredith declares rank in importance with the financial problems of commercial industries. They concern credit, insurance, taxation and other matters.

Have You a Substitute?

Most farmers are dissatisfied with the operations of the Chicago grain exchange and the activities of bears, which frequently depress quotations below the level which world conditions justify, as at present, and produce violent fluctuations in the market. Destructive criticism is always more plentiful than constructive criticism.

Few critics of the grain exchange and there are many—have any substitute to offer. H. H. Mack, market editor of the Michigan Business Farmer, while attacking the abuses which the present system of grain marketing permits, admits that "the wonderful efficiency of many Board of Trade methods has aided greatly in handling the tremendous cereal crops produced in the West during the past quarter of a century." He favors "rigid regulation" by the United States government, "but not annihilation" and "severe punishment of traders who resort to illegitimate and dishonest practices." Mack favors preserving all the legitimate and useful features of the present Board of Trade. Meantime the Committee of Seventeen working on a co-operative grain marketing plan which shall supersede private agencies. This committee has petitioned Congress to forbid "short selling" and is agitating to compel admission of farmers' co-operative commission companies to the grain exchanges.

Business men, particularly grain commission merchants, deride efforts to find a workable substitute for the modern grain exchange, claiming that plans to legislate the wheat pit out of existence would establish fictitious values for grain out of alignment with other commodity values and would hinder the farmer in marketing his crops. They deem the grain exchange the "most scientific machinery yet devised to facilitate the movement and distribution of grains and the most efficient barometer of world grain values."

MARKET TREND STOCKS

The stock market closes the year 1920 in a condition of weakness which reflects the general depression of industry and the passing of numerous dividends. Sterling industrial issues have fallen to points below their intrinsic value as measured by earning power and tangible assets. Sentiment has much to do with this decline. A wave of pessimism and timidity succeeded the buoyant optimism of a year ago. Money has caused little disturbance in the market this past month, rates holding steady in the neighborhood of seven per cent. Even the mid-month payments and the year-end settlements did not occasion dislocation. The monetary stringency is less than it has been. Selling to establish losses is over and the market may henceforth show a greater element of strength. The week between Christmas and New Year is traditionally dull, but the new year should bring a moderate return of confidence.

GRAIN

The grain market has shown the usual holiday dullness and displayed no marked accession of strength, notwithstanding large export sales.

LIVESTOCK

Sharp restrict of receipts has shown itself capable of producing reactions from extreme low levels, but does not extend hope of a sustained advance. Cold weather and the progress of liquidation to a far point are strengthening factors. Cows and heifers have sold at lowest levels in eight years. Eastern competition is developing in western markets and may tend to stabilize the hog market. Light hogs and pigs are in most demand. Consumption of pork has increased with cold weather and cold storage stocks of meat and lard are running low. Feeder trade in live mutton has disappeared. Pressure from imports of frozen lamb and mutton continues to depress the trade. On the whole, the market trend in livestock is very uncertain. Extreme tips furnish no criterion, the Bureau of Markets points out.

COTTON

Reduction in clothing stocks, probable curtailment of acreage next year, and the probability of credit extension through systematic measures throw a somewhat favorable light upon future prospects in the cotton market. On the other hand, stocks are large and cost of production next year will not approach cost of the present crop. The hope of easier money and the stimulus of wage reductions permitting price reductions are positive factors of no inconsiderable importance. The cotton market has two sides admittedly, but not a few are inclined to take the hopeful view.

WOOL

The wool market has improved a little, despite indications that the tariff measure protecting wool among other farm products would not pass the present session of Congress. Wage reductions increase the probability of an early resumption of activity in the goods industry. The tendency of holders is to mark up their wool. It may be that 1921 will usher in a season of generally higher prices and fairly active demand. The National Wool Growers Association at its annual meeting in Salt Lake City on January 17 to 19 will consider fully the problem of financing the wool growers. Imports of raw wool during the first nine months of this year totalled 225,000,000 pounds, as compared with an average of 400,000,000 pounds imported yearly during the past five years. Both imports and exports of wool manufactures have declined with the past few months.

METALS

The iron and steel industry closes the year at low ebb. Buying is lethargic and production has steadily declined until a large percentage of the independent mills has shut down. The year-end is customarily dull. Steel corporation plants are active. Copper has been offered at 13c in absence of demand.

MOTOR BOAT SAVES BANDITS

Fl. Lee, N. J., December 31—Four armed men attempted to hold up Arthur Kerwin, Police Commissioner of Ft. Lee, when on the highway surmounting the Palisades before daylight, exchanged shots later with two parties of police, who cornered them on the river bank and then, outnumbered, escaped in the direction of New York in a motor boat.

LEAGUE ARTICLE OMITTED.

Washington, December 31—Ratification of the treaty of Versailles by the Senate, with the exception of the covenant of the League of Nations, is to be proposed by Senator W. H. King, Utah, Democrat, who said today he was drafting such a resolution. He plans to address the Senate on the subject Monday.

Canton, Dec. 31—The regular quarterly dividend of \$1 a share was declared at the meeting of the board and of directors of the United Alloy Steel Corporation. This is for stockholders of record January 2.

J. K. WILLIMSON SUCCEEDS H. D. SMITH AS PROSECUTING ATTORNEY ON MONDAY

Monday, Greene County changes prosecuting attorneys.

At midnight, Sunday night, Prosecuting Attorney Harry D. Smith, who has served the citizens of Greene County well during two terms each as prosecutor, gives way to the new Prosecuting Attorney J. Kenneth Williamson.

According to the law which governs the terms of office of Prosecutors, the term always starts on the first Monday of the New Year. Instead of the first day, which brings Prosecuting Attorney-elect Williamson into office at the opening of the January term of the Grand Jury, which will begin its investigations that day.

With the termination of his second term Prosecuting Attorney of Greene County, Harry D. Smith, will retire from public life after an

Country offerings have been light, showing the farmers determination to hold tenaciously for higher prices. The tariff on imported agricultural products has met stiff opposition and the grain trade does not count it an important force on the constructive side, believing it and similar legislation will fail of passage. Statistically and otherwise, the grain situation is bullish, but current economic depression and the decline of prices retain their domination. Argentina exports will figure in the world's markets increasingly henceforth. America may have overexported, but the effects will not make themselves manifest until early spring. Flour trade continues dull, as is usual in the holiday season.

Prosecutor Williamson will begin his duties in a bustle of activity, as the January term of the Grand Jury opens Monday, on the first day of his term. There will not be many cases to be investigated by the body, probably the most important being the gun battle between Marshall W. A. Schneider and three alleged gun men at Osborn, Thursday night, in which three men were shot. Charges of shooting with intent to kill may be placed against the three men, who although confined at McCellan Hospital recuperating from their wounds, have been placed under arrest by the sheriff.

Mr. Williamson was unopposed for the Republican nomination for Prosecuting Attorney last fall and he was swept into office under a tide of votes, which bespeaks the volume of his friends throughout the county. His friends are predicting for him a most successful career as Prosecutor of Greene County.

COMPLETES TRANSFER OF NEW PROPERTY

Special Tax Deputy C. B. Mowrer, of the County Auditor's office, completed the transfer of property included in the recent extension of the city corporate limits from Xenia City School District and Xenia Township to Xenia City corporation Thursday. The transfer included 761 separate pieces of real estate, valued at \$250,000 that have been transferred from the school district and township tax duplicate to the city tax duplicate. Besides this the personal property belonging to the people who own the property, is approximately \$35,000 or a total of \$285,000.

Figured at the 1920 rate this would have given the city an extra income of \$1800 in taxes according to Mr. Mowrer if the property had been taken in time, to be included in the 1920 taxes. The first payment of taxes under the new rate since the transfer to the city, will be December 1921.

URGES PURCHASE OF AUTO TAGS EARLY

The following letter has been received by Chief of Police M. E. Graham, from A. G. Snow, State Registrar of automobiles, regarding the necessity of securing the license plates that are now on sale:

"Motor vehicle license plates for 1921 were put on sale in one hundred towns in Ohio on Dec. 20th, 1920. This early date was selected in order that all owners might register their cars by January 1.

"A disposition to 'hold off' is reported from many distributing points. There will be no excuse for delay in securing license plates for 1921. Nearly 500,000 sets have been shipped to clubs and deputy registrars. The office at Columbus is prepared to take care of all mail orders promptly. Therefore this department is asking your cooperation in seeing that passenger cars, trucks, motorcycles and trailers are equipped with 1921 tags, by Monday, Jan. 10th. Vehicles kept in storage do not require licensing until they are used on the streets or highways."

CADETS LOSE FIRST GAME THIS SEASON

The St. Brigid's Cadets lost their first game of the season Thursday night, to the O. S. & S. O. Home Orioles, by the score of 19-7.

The game was the first the Cadets have played on any court other than their own, and they were in poor form, missing many shots. The score at the end of the half was 10-3 favoring the Orioles. Hicks and E. Kelble played well for the Cadets while Lutz and Chap were mainstays for the Orioles. The lineup and summary:

Cadets (7) Orioles (19)
Hicks Lutz
R. Kelble R. Kinser

HOUSEHOLD HINTS

MENU HINT

Breakfast. Cereal Cooked with Dates. Soft Cooked Eggs. Rolls. Coffee.

Luncheon. Creamed Cod Fish. Baked Potatoes. Bread Crumb Muffins. Cabbage Salad. Stewed Prunes.

Dinner. Italian Spaghetti. Spinach. Banana, Apple and Peanut Salad. Coffee.

Sausage and Apples—Core fair sized apples smooth (any good baking apple will do). Grimes Golden, Northern Spy or Greenings are all good. Fill the opening with sausage—country sausage if procurable—put in just enough water to form a rich juice, enough brown, or better still, maple sugar, to sweeten to taste. Bake until tender. Odd but delicious.

Sour Milk Pancakes—Two cups sour milk, two scant teaspoons of salt, two scant teaspoons of sugar, two scant teaspoons of soda. (Take a teaspoon of each to every cup of sour milk.) Take flour enough to make a thin batter.

MAYONNAISE DRESSING. One egg, one tablespoon sugar, one teaspoon salt, one teaspoon wet mustard, one teaspoon butter, one teaspoon flour dissolved in one-half cup water, one cup vinegar. Beat well and boil till smooth and thick, stirring all the time while boiling. Beat till it becomes chilled.

DISHWASHING HELPS

To remove the discoloration on the tips of spoons or other dishes made by egg yolks, use a little table salt applied with a soft cloth; then wash in hot suds, dry and polish with old wiping towel.

To cleanse vinegar cruets and other glassware on which unsightly deposits have accumulated, fill the bottle with a half-dozen buckshot or small pebbles and warm water, to which is added a pinch of baking soda and a sprinkle of washing powder. Shake vigorously. If the deposit is very thick leave overnight. Then rinse thoroughly with clean hot water.

If there is good hot water in the faucet try this way of rinsing the dishes: Stack the dishes upright in the drying pan and pour on a liberal supply of hot water. The dishes will dry themselves. If you have a section of rubber tubing attach to the faucet and spray through the tubing.

The drainboard should always be at the left of the sink, and high enough to prevent stooping at work. Have stacking surface to the right. Wash dishes of same size together. The dishpan should conform to the size and shape of the sink. Sitting down to work makes the strain less.

To clean a tea or coffee pot that has a rim of deposit inside fill the pot with warm water to which one-half teaspoonful of washing powder is added. Let stand until the next meal; pour off, rinse in clear hot water and lay with top off in the air and sun.

Never place the dishes or utensils which have contained custard, gelatin, egg or starchy food directly into hot water; always scrape thoroughly first and rinse in cold water; then wash in hot water.

One of the important uses of dish washing is to sterilize the dishes so they will be perfectly sanitary before the next meal. It can be done only if the water is hot enough, and also if it contains some natural sanitary cleansing agent, like a good soap or washing powder.

The Woman He Married

BY JANE PHELPS

With what I had ordered, the dress and blouse) I could make a very good appearance for the short time stay would be with us. A longer stay would have exhausted my changes.

She came at the end of the week. Dick met her, and came up with her. She brought a few lovely presents, and a wonderful silk evening scarf. She presented Dick with a picture of his father in an expensive silver frame.

I was glad when Clara and Mrs. Stowell both called the next day; delighted to introduce the haughty aristocratic woman as Dick's sister. I saw at once that she had made an impression. And it administration to my pride.

That night Dick took us to the theatre. Agnes complimented me on my appearance, and said I must have a very fine dressmaker. I wanted terribly to mention Felice whom I was sure she had heard of, but didn't dare. She might tell Dick, and after what he had said I couldn't let him know—not yet—that Felice was making my clothes.

I gave a little dinner for Agnes the next night. I took great pains to have everything nice as possible. I asked Mr. and Mrs. Stowell, Clara and Jim, Tom and Laura Burbank. Dick wanted me to ask the Grays, to my wardrobe before Agnes came, but they were so much older I felt

they would not enjoy our party, and that perhaps they might spoil it for the others.

We played Bridge after dinner, and I had bought some very pretty prizes. To my delight Agnes won the lady's prize. Clara had sent her Victrola up by the janitor, and so we had some music.

Dick had looked so proud and handsome as he carved at dinner; his sister had shown herself very affable, while she too looked the aristocrat, that I was proud as a peacock. I didn't really like Agnes Deland, yet I was glad she was with us.

She told me candidly that the dinner was asuccess; that she had enjoyed herself. She rather spoiled it, however, by saying she did not like Clara Watson. She said:

"Mrs. Watson doesn't ring true to me. If I were Dick I should object to your intimacy with her."

"Dick has nothing to say about my women friends," I was indignant.

"He should have. Family counts with us if it doesn't with you. No one can afford to be careless in social matters."

I made no reply, but thought that as far as our social standing went what we did mattered a little. The Stowells were the only people we knew who made any pretensions.

Tomorrow—Dick Resents nan's Nagging.

Reserving to John B. Wright, the former owner, the right of way 12 feet wide across the west end of said tract.

Tract 6.—Situate in said Military Survey, being all the water rights and privileges of whatsoever kind and nature including the right to maintain a dam on Oldtown Run at its present location and to maintain a canal or race therefrom, and to take the water from said stream which was conveyed to F. N. Linkhart, through John Day and wife by deed dated August 27th, 1879, recorded in Vol. 62 at page 59 Records of Deeds of said Greene County. The right is also hereby conveyed to said grantee to use all the water flowing into said canal or race from certain springs located on the land of said grantees (formerly owned by John B. Wright) adjacent to said canal or race. The right is also conveyed to said grantees to take all the water from said dam, race or canal at such point as said grantees shall designate, but the said grantees hereby agree that they will take no water from said dam, canal or race (except such as they shall need for condensing purposes, which after use shall be returned to said canal or race) without first having sunk a well or wells upon their premises and having exhausted the supply of water therefrom. The right is also hereby conveyed to the said grantees to go upon the premises of said Linkhart or the premises where said dam and canal or race is located, to repair said dam and canal or race, or to rebuild the same, if for any cause said Linkhart or his assigns shall fail to keep the same in repair, or shall fail to rebuild the same if destroyed, but the dam shall not be raised above its present height without the grantees consent.

It is further agreed and understood, that the surplus water from said springs, not used by said grantees, shall shall be conducted by them to said canal of race, and allowed to flow therein, and whenever it shall become necessary for said grantees to clean out their reservoirs at said springs, they shall draw the water therefrom and conduct it across the canal or race aforesaid and into the present overflow or water-way of said grantor, in such a manner as to do his said canal or race no damage; and it is further understood and agreed that said grantees shall make good to said grantor all damages to the embankments of said canal or race or from the filling up of said race or canal, by soil or other substance caused by any act of said grantees. It is further understood and agreed that said grantees shall use only such amount of water from said dam, race or canal, as shall be sufficient to supply with water the City of Xenia and surrounding territory.

ALSO the following personal property: All the pumps, boilers, connections and valves, contained in the two pumping stations on the aforesaid real estate, together with all other equipment including pine lines. Said property is to be sold and conveyed to the highest bidder by a general warranty deed therefor, for cash.

Bids will be received upon the aforesaid personal and real property in the following manner:

1. The Cincinnati Pike real estate, separately;

2. Any or all items of personal property located at said Cincinnati Pike Station;

3. The real estate and any and all items of personal property as a whole;

4. The Springfield Pike real estate, separately;

5. Any or all items of personal property at the Springfield Pike station;

6. The real estate and any or all items of personal property as a whole.

And said property will be sold in whichever way will bring the most money.

Each bid must be accompanied by a certified check for three percent (3%) of the amount of each bid to show good faith on part of purchaser. Checks of unsuccessful bidders will be returned immediately; and checks of successful bidders will be retained until the purchaser has settled for said property.

The right is reserved to reject any and all bids.

THREE HUNDRED AND SIXTY KILLED IN IRELAND IN 1920

PEACE OUTLOOK FOR NEW YEAR THOUGHT BRIGHT

Irish People Are Now Tired Of Warfare Is the Opinion.

LISTS ARE TABULATED
Irish Claim 700 Attacks Were Made By British Troops.

London, Jan. 1.—Three hundred and sixty persons were killed in Ireland during 1920. These figures were revealed by the official casualty chart of the Irish office today. Despite the large number of killed British officials were optimistic over the peace outlook in 1921. They base their hopes upon the fact that the Irish people are tired of violence and yearn for tranquility.

The casualties were listed as follows:

	Killed	Wounded
Police	176	264
Soldiers	54	126
Civilians	48	111

The casualties in the Ulster riots in June and September were listed separately. Twenty civilians were killed in Londonderry in this fighting and 62 in Belfast.

The Irish self determination league claims that the Irish office listed only such killings as those that occurred when the assailants were known to be Sinn Feiners or were supposed to be Sinn Feiners.

The organization alleges that nearly 100 persons died during the year as a result of their prison treatment.

The Irish self determination league claims that 700 attacks by British troops and policemen took place and that the victims were either unarmed men or women and children.

CONDITION OF PRELATE SERIOUS; THE LAST SACRAMENT GIVEN

Cardinal Gibbons Said To Be Sinking Fast After Sickness.

Baltimore, Mr., Jan. 1.—Cardinal Gibbons yesterday suffered a severe relapse at the home of Robert T. Shriver, Union Mills, Carroll County, and slowly is sinking.

His physicians are perturbed greatly by his weakness, and after a consultation the last sacraments of the church were administered to the prelate.

The turn in the Cardinal's condition prompted Right Rev. Owens B. Corrigan, Auxiliary Bishop of Baltimore, who is associated with St. Gregory's Church to issue last night an official notice to the Catholic clergymen of the archdiocese, and through them to their congregations, directing prayers for the recovery of the prelate or in lieu of this, for a happy death. The notice follows:

"The condition of His Eminence today has been less favorable than at any time during his illness. He has received the last sacraments and the reverend pastors are requested to urge their people to offer prayers for His Eminence's speedy recovery or happy death."

"All pastors will please have the litany of the Blessed Virgin Mary recited after each mass until further orders for that intention. All the priests of the diocese will add in every mass, when the Rubrics permit the prayers from the mass 'pro infirmis,' reciting the same in the singular number 'pro famulo nostro infirmo.'"

"These prayers are to be recited until further orders. The religious communities are also asked to redouble their prayers that Almighty God will restore His Eminence speedily, if so be His holy will, to strength and good health."

WILL ENFORCE ACT

Marion, O., Jan. 1.—The country will have an opportunity after March 4 to learn whether it really approve prohibition. It was announced on unquestioned authority. Senator Harding plans to enforce the Volstead act with the utmost rigidity, close friends of the president elect declared. So far, these friends asserted that country has never had real prohibition.

TRICHINOSIS CAUSES DEATH OF WOMAN

Warren, Jan. 1.—Mrs. Ida Gillespie of North Bloomfield, near here, died from trichinosis in a hospital here following an illness of 10 days. Her sister, Miss Cora Lower, of Cleveland, is in a critical condition.

The disease was contracted, it was believed, from eating freshly butchered pork. T. J. Gillespie, husband of the dead woman, and their two children, who also were ill, have recovered.

DAVIS ADVOCATES RESOLUTION FOR NEW YEAR PLEDGE

Keep Promises Of G. O. P. Platform Urges Governor-elect.

ENFORCE ALL LAWS

New Year Filled With Boundless Opportunities, He Says

Columbus, O., Jan. 1.—"The New Year's resolution of the Republican party should be to keep the pledges in its platform, which were so heartily endorsed by the people of Ohio," declared Governor-elect Davis today, in a New Year's statement written for the International News Service.

"These include extension of benefits of the workmen's compensation act to those incapacitated through occupational disease; a budget system to balance out go and income; home rule taxation, and a pay-as-you-go policy; rigid limitation of public debt; a policy for the maintenance and repair of highways after construction, so that the tax payers' investment in good roads shall not be permitted to suffer waste; placing of the state bureau of markets on a functioning basis; recognition of veterans of all our wars, and steps toward consolidation of state department to curtail expense."

"We must discourage abuse of the parole system for hardened criminals."

"We must strictly enforce all laws on the statute books, without fear or favor."

"We must encourage agriculture, see that the farmer has a fair and just reward for his labor, and bring about an equitable relation between producer and consumer."

"We must give the interests of labor earnest consideration."

"With a distinguished son of Ohio preparing to occupy the White House, and another illustrious son about to don his toga, we may look forward to a return to constitutional government and somewhat milder L. S. HEDRILL and enactment of protective tariff which will safeguard American industries."

Nineteen twenty one peeps over the horizon with boundless opportunities, indeed."

CHARGE PROFITEERING TO COAL MEN OF CITY OF NEW YORK

Two Operators Involved When Indictments Are Returned.

New York, Jan. 1.—The Federal Grand Jury returned indictments charging the Haddock Mining Company, of Lucerne, Pa., and the von Torck Collieries Company, of Scranton, Pa., and their exclusive sales agent in this city with profiteering in the sale of domestic sizes of anthracite coal in violation of the Lever act.

Henry Meeker, of Meeker & Co., wholesale dealer, exclusive agent for the two companies, was named in both indictments.

The indictments returned on evidence further furnished by Armin W. Riley, head of the Government "flying squadron" of profiteer hunters, charged the Haddock Company with having sold at "unfair and unreasonable" prices 13,500 tons of coal during September and October. The indictment alleges that the company sold coal at 8.5 cents a ton, when a "reasonable" price would have been about \$8.35 a ton.

The Von Torck Company is alleged to have sold 19,500 tons of coal during the same period at prices ranging from \$13 to \$15 a ton, when a "proper" and reasonable charge would have been \$8.35 to \$8.65 a ton.

MINE WORKERS EXPRESS HOPE FOR PEACE IN OHIO DISTRICTS DURING COMING YEAR

Labor Will Fight Advent of the "Open Shop" is Word.

Columbus, Jan. 1.—Hope that the close of the new year will find a better understanding existing between employers and organized labor is expressed in a New Year's statement written for the International News Service by George W. Savage, secretary-treasurer of the Ohio United Mine Workers, the strongest group of organized workers in the Buckeye state.

"Dawn of the year 1921 brings to mind some very perplexing questions as to what will be the outcome of the many problems to be solved during the reconstruction period," said Secretary Savage.

"Speaking as one who is much interested in a solution of the industrial or labor question that will insure a square deal to all concerned, I am of the opinion that if the interests of all are to be protected, a policy other than the one now being put forward by some employers of labor—the misnamed 'open shop'—will have to be abandoned if peace is to be maintained in the industrial world."

"Labor will never surrender its rights to organize for its own protection."

"The open shop means—and, in fact it is—a closed shop—closed to organized labor."

"This is very apparent to those acquainted with the persons advocating that this policy be put in effect in the industries of this country. They have always been opposed to organized labor and are using the words 'open shop' as a blind to their real intentions to prevent labor from organizing. They are seeking to destroy labor organizations now in existence."

"The awakened conscience of the organized capital to enslave labor and American people will not permit to reduce the standard of American labor to that of the enslaved labor of Europe."

"What is needed is that capital and labor get together, giving equal justice to all in order that the standard of labor will be raised. This would make for a better citizenship and for a country united in an endeavor to uplift humanity everywhere."

"This is my wish for the year 1921 and I hope that at the close of the year a better understanding will be had by these contending forces."

P. R. R. OFFICIALS MEN AGREE TO END ALL LABOR TROUBLES

P. R. R. All Chance of Strike In Train Service Believed Ended.

Philadelphia, Jan. 1.—The Pennsylvania Railroad announced last night that it had concluded a mutual working agreement with the representatives of its engine and train service employees regarding the settlement of future labor disputes, which "if lived up to in spirit by both sides, should, in the belief of the management, settle any question of strike on the Pennsylvania system as far as train operation is concerned."

The plan will go into effect today. The joint reviewing committee of the Pennsylvania Railroad system has been established as a medium to carry out the purposes of the peaceful settlement. Through this committee the employees involved will for the first time in history of the railroad have equal voice and vote with the management. The committee will constitute a court of review involving grievances, rules and working conditions, including discipline.

The committee will be composed of two representatives of the management from each of the four regions of the system, and on behalf of the employees, the general chairman of the men in the engine and train service. All votes will be of equal power and not less than two-thirds vote will be necessary to reach a decision upon any question presented.

Employees, who, through their accredited representatives, have joined the railroad management in the plan, according to the announcement, include the enginemen, conductors, firemen, hostlers, trainmen and switch tenders. They constitute the most numerous groups of employees directly engaged in the movement of freight and passenger traffic.

SENATOR FROM OHIO NOT IN FAVOR OF PLAN AS ADVOCATED

Pomerene Disagrees With Manufacture Over Immigration Plan.

Washington, Jan. 1.—Ohio concerns opposing the immigration bill that has passed the house are not receiving any encouragement from Senator Pomerene.

George H. Hodgson, vice president and general manager of the Cleveland Worsteds Mills Co., which operates 12 establishments scattered in various states, wrote to Senator Pomerene that a law forbidding immigration to this country for a certain period "would work more of a hardship and impose a greater economic waste on the people of the U. S. than any law that was put on our statute books."

Referring to that statement Senator Pomerene in his reply said:

"That may be your opinion but it is not mine. I have not decided in my own mind what exceptions should be inserted, but I am in favor of further restriction than we now have. The industrial centers of the country today show thousands and thousands out of employment. It will be a good deal better for this country to keep our own people employed than to add to the unemployment the millions who are knocking at our doors."

"While it is true that many good people want to come in who would make good citizens there are many others who would prove very undesirable. Let us also remember that under present conditions in Europe the government there will be very anxious to keep their best people who can aid in rehabilitation, and others will be encouraged to leave."

BUCYRUS INTERESTS ANNOUNCE WAGE CUTS

Bucyrus, O., Jan. 1.—All Bucyrus manufacturing interests today announced cuts in wages ranging from five to 15 per cent. The Hadfield-Penfield Steel Company, Carroll Foundry and Machine Company and Ohio Crane Company are the largest concerns affected.

DEADHEADS TO STAND.

Philadelphia, Jan. 1.—It was officially announced by the Pennsylvania Railroad company that all persons traveling on passes must give seats to pay passengers when the trains are a four set affair.

NEW ADMINISTRATION TO ENFORCE "DRY" LAWS

HEAD OF MINE BUREAU RESIGNS

Washington, Jan. 1.—Frederick G. Cottrell, director of the bureau of mines, presented his resignation to President Wilson through Secretary Payne of the interior department.

Cottrell, before coming to the bureau as assistant director in September, 1919, resided in Oakland, Cal.

Secretary Payne in presenting the resignation recommended that H. Foster Daine, also of California, be appointed to the vacancy.

SECRET SERVICE COMBS IRELAND FOR DE VALERA

President Of Irish Republic Slips Into Country By Surprise

IS NEAR DUBLIN? Whether He Will Be Arrested When Found Is Unknown.

London, Jan. 1.—Secret service agents are making a search in Ireland for Eamonn DeValera, "president of the Irish republic" who managed to slip back into the country in spite of the strong guards. Whether DeValera will be arrested if found is not known. Sir Hamar Greenwood, secretary for Ireland, was asked today if DeValera would be arrested but he declined to answer.

Scotland Yard officials are deeply chagrined over the ease with which the Sinn Fein leader eluded them. Some of the officials went so far as to express doubt as to the truth of the information that DeValera is in Ireland.

DeValera is supposed to be in or near Dublin but his exact hiding place has been kept a secret. It is regarded as possible that he may enter into the Irish peace negotiations at once without revealing his hiding place.

News that the Irish "president" had returned home recalled the persistent reports that he was sailing on the liner Aquitania. Scotland Yard had received positive information on December 24 that DeValera was returning on the Aquitania, but when the liner was searched at Southampton no trace of the elusive Irishman was found. It was held possible that DeValera had been upon the liner leaving her at a French port. It would have been easy for DeValera to cross from France to Ireland in a small boat or even a sailing freighter.

VOICE OF PEOPLE WILL BE HEARD BY LAWMAKERS

Harding Determined To Rigorously Enforce 18th Amendment.

UP TO THE PUBLIC May Relax Provisions Of Volstead Act If It Is Desired.

Marion, O., Jan. 1.—Those who climb aboard the waterwagon today may find it impossible even to fall off after March 4. Republican leaders reiterated today the determination of the Harding administration to enforce the eighteenth amendment with the utmost vigor.

They were equally insistent in expressing the belief that should public opinion resent rather than favor the establishment of absolute alcohol drouth, that legislative measures might be instituted to relax the provisions of the Volstead act to permit manufacture and sale of beer and light wines.

It will be recalled that Vice President Marshall declared it his belief that the majority of the members of congress, in their individual capacity did not favor the adoption of prohibition but that they felt called upon to follow the wishes of their constituents. Should the opinions of those constituents change after experience with real prohibition, it is the belief expressed here that regulations permitting sale and use of beer and light wines would meet with small opposition either from the White House or from the capital.

CHE QUOTATION.

In support of their declaration of the firm determination of Senator Harding to make "bootleggers" an obsolete term in America, his close friends cite the following quotation from a letter written by Senator Harding to Dr. Daniel A. Polling, associate president of the United Societies of Christian Endeavor:

"This is a representative government ruled by the majority as expressed at the polls or in the laws formulated by elected representatives and it is not within the rights of any officer of that government to lightly set aside the will of the people as so expressed, but I may say that I am opposed to the re-establishment of the traffic in intoxicating liquors and will use whatever influence or power I possess to prevent such re-establishment."

Latitude Given

These friends point out also that considerable latitude may be given the phrase "intoxicating liquors." The question of "what is whiskey" occupied the attention of the supreme court for years and the question of what beverages are intoxicating is determined by the Volstead act. Amendment of that act, it is said, might readily make possible the use of light wines and beers."

When questioned during the campaign as to whether he would favor or oppose modification of the Volstead act to permit the sale of beer and light wine, Senator Harding sent out the following telegram to H. B. Carre, of the Anti-Saloon League of America: "My recorded vote for the submission of the 18th amendment and the law to enforce it, answer your telegram, I stand by that record made in the public service."

Whatever effect on prohibition public opinion may dictate later, there is no doubt expressed here as to the absolute determination to enforce the present law by every means within the power of the federal government. It is understood that in selecting cabinet officers and officials in charge of dry law enforcement, stress is being given the necessity for absolute co-ordination and agreement between the department of justice and treasury and prohibition officials.

McGANNON JURY DISCHARGED AFTER DEADLOCK LASTS

Fifty Three Ballots Taken, Vote Stands 10 to 2 For Conviction.

Cleveland, Jan. 1.—The jury in the case of William H. McGannon, chief justice of the municipal court, on trial for second degree murder of Harold C. Kagy, May 8, was unable to agree on a verdict at 5:45 tonight and was discharged by Common Pleas Judge Maurice Bernon. The jury received the case at 6:15 p. m. Wednesday and had been deadlocked ever since. Judge McGannon was placed on trial Dec. 14.

The jury was out practically 46 hours and was hopelessly deadlocked from the start.

Fifty-three ballots were taken, one of the jurors announced, the vote standing 10 to two for conviction from the start.

At 5:45 p. m. the jury reported to Judge Bernon that it was unable to agree. The judge ordered the jury brought into the courtroom, and after being polled the foreman announced that the jurors were deadlocked, with no hope of an agreement being reached. Judge Bernon, who had insisted that the jury deliberate as long as there was any chance of an agreement, then dismissed the 12 men after thanking them for their efforts to reach an agreement.

After the jury was discharged Juror Hirschmann said he and Juror Glick voted for acquittal from the first ballot.

"I could not vote for conviction on the evidence presented," Hirschmann said.

The McGannon trial will be listed a mistrial and the judge will remain at liberty under bond.

Whether McGannon will be retired depends on the attitude of Prosecutor-elect Ward C. Stanton, as Prosecutor Roland Baskin's term expires at midnight.

The McGannon jury set a new record for time elapsed in Cleveland murder trials.

DRY OFFICER RESIGNS

Gary, Ind., Dec. 31.—Captain D. C. Vanhook, prohibition commissioner for northwestern Indiana, said that he had resigned and would be replaced by C. J. Simms of Chicago.

TIN PLATE WILL RESUME WORK

Martins Ferry, Jan. 1.—The Yorks-ville tin plate plant of the Wheeling Steel Corporation, will start 12 of its planes and flow clear to Magdalena Bay, nearly 700 miles south of here, before landing Thursday night, according to a late bulletin received at the North Island air station.

PLANE IS LOST

Sandiego, Cal., Jan. 1.—The NC 6 following the twelve P-51 planes of the Panama fleet lost the rest of the planes and flew clear to Magdalena Bay, nearly 700 miles south of here, before landing Thursday night, according to a late bulletin received at the North Island air station.

JANUARY CLEARANCE SALE

Sale Starts Wednesday, January 5th, and Continues Until January 22nd

It makes little difference if your winter needs are few or varied and extensive for this great savings event is making itself felt all over the store. On Apparel, Fabrics and in the Home Ware sections you will find that the sale prices are radically reduced. They are much lower, in fact, in many instances, than they were on goods of similar qualities before the war. Be on hand early though for although quantities are substantial we expect a record attendance at this climax to the back-to-rock-bottom-price drive. Here are some of the excellent economics we feel sure you will want to share in:

OLD TIME PARTIES NEW YEAR'S NIGHT AMONG MISSING

Jubilations of Pre-prohibition Days Are Lacking.

Columbus, O., Jan. 1.—The old time wild and wooly celebration marking the ushering in of the new year numbered among the missing here last night.

Of course bells rang, whistles tooted, auto horns honked, men and women in the downtown hotels and clubs donned paper hats, blew mirth provoking devices, marched snake fashion around tables, and a hilarious citizen now and then let out some shouts.

But the jubiliations of pre-prohibition days, marked by the public unorking of bottled whiskey and other tip sporting stimulants, with the entire city police force on duty and the city prison crowded with drunks were absent.

The complete story would not be told, however, if it was not admitted that there was some drinking.

But it was a marked contrast to that which prevailed during the days of the open saloon. Pocket bars circulating in the downtown eating places were kept under cover and waiters maintained close watch on the frequent checking and rechecking of overcoats.

SKATING IN VOGUE.

The lake at the O. S. and S. O. Home was covered with a heavy coating of ice on Wednesday and Thursday and the boys and girls enjoyed some skating until the warm weather interfered with the sport.

ELKS DANCE IS POPULAR AFFAIR

About two hundred young people responded to the invitation issued by the Elk's Club, and attended the New Year's dance given at the lodge rooms on Whitman and Second Streets, Friday night.

The holiday spirit predominated in the spirits of the guests, and the affair was successful in being the prettiest dance of the season.

Southern simlax was used in the decorations of the rooms. The Shepherd orchestra furnished a good brand of music for the dancing. At eleven o'clock the dancers and guests were entertained by two members of the Keith circuit who gave a snappy short program.

At midnight when the spirits were the highest, the guests were invited to the Club dining room where a delicious chicken banquet was served, while the old year bide it's departure. The dancing was resumed following the banquet and continued until the late, or rather early, hours of the morning.

MARRIAGE TAKES PLACE THURSDAY.

The marriage of Miss Elsie Chapman to Jesse Taylor, took place Thursday morning at 10 o'clock at the parsonage of the First Baptist church in Xenia, the Rev. Albert Reed officiating. The couple were unattended, the bride being attired in a dark brown satin dress with hat, shoes and coat to match.

Mrs. Taylor is the daughter of Mr. and Mrs. Clarence Chapman of near Selma. The bridegroom is a farmer south of Jaestown. No wedding trip was planned and the couple will make their home at the farm of the groom near Jamestown.

WATCH NIGHT PARTY GIVEN ON FRIDAY.

Thirty-five members of the D. D. club and their friends were entertained by Miss Katherine Ryan, at her home on West Second street, Friday evening, at a watch night party.

The evening was spent in dancing, music and cards, and a delicious two course supper was served by Miss Ryan during the evening. The Ryan home was decorated in the season's colors, poinsettias and Christmas greens being used about the rooms. Among those present were Miss Gertrude Welsh and Vincent Welsh of Dayton, and Donald Cast of Wilmington.

WOUNDED MAN IS IN CRITICAL CONDITION STILL

Joseph Abel, 21, shot through the liver and abdomen in a gun duel with Marshall W. A. Schneider, of Osborn, in that village Thursday night, is in a critical condition at the McClellan Hospital.

Reports from the hospital Saturday morning were that the condition of the gun victim was very low, and surgeons have practically given up home for his recovery. Abel's mother, Mrs. M. P. Crawford, 1234 Broadway, Indianapolis, Ind., arrived in this city Friday and visited her son at the hospital. She said the boy's father was a physician and that he died five years ago.

Orlo Holden, 22, of Findlay and Toledo, who was shot through the arm, thigh, hips and groin, and Charles Chastain, 19, 306 Hancock avenue, Indianapolis, who was shot through the hip, are both rapidly recovering from their injuries and will recover according to physicians.

The three men have been placed under arrest by the sheriff and it is likely that charges of shooting with intent to kill will be placed against them. Their cases will be investigated by the Grand jury which meets for the January term Monday.

FRANCE'S LOSS 4,000,000

Paris, Dec. 31.—The population of France was reduced by 4,000,000 during the war, said Louis Mourier, the new director of public assistance in discussing measures to be taken by the Seine department council to reduce infant mortality.

FOUR GAMES WON BY CENTRAL HIGH IN SINGLE NIGHT

Winning four games in a single night, was the way Central High School basketball players wound up the old year of 1919.

In order to establish a record that they would have as an example for the New Year, Coach Confer's cagers, went out and annexed four victories, the first team defeating Waynesville in the big game 60-8; the second team walloping Waynesville second team, 12-4, the Central High third team or "Team C" leaving the Beaver High second team on a short end of a 11-6 score and Central high first, second third teams, all contributing to the general downfall of Beaver High first team, the score being 32-4.

The use of the five men defense as instructed by the local mentor is absolutely prohibitive to basket shooting, as is indicated by the fact that the visitors in no case were able to score but a few points. In fact during the entire four games, only six field goals were scored off the local players, which is a defensive record of note.

While Central High second team was scheduled to play Beaver High first team, the Beaver lads evidently felt that it would look much better to be defeated by the first string quintet than by the second team, and insisted that they be permitted to play the first string five. The first team remained in the game but a few minutes, being replaced by substitutes from the second and third teams. The lineup and summary:

Xenia (32) Beaver (4) Hudson (6) Bartley LeSourd (6) Green Moore (6) Dornbaugh Owens (6) Wolf Boxwell (6) Kundert Substitutions: R. LeSourd for Hudson, Vannorsdall for W. LeSourd, Shaw for Vannorsdall, Douthett for Moore, Currie for Owens, Witham for Boxwell, Shoup for Currie, Dornbaugh for Green, Green for Kundert, Kundert for Dornbaugh Johnson for Bartley, Field goals: Hudson 1, W. LeSourd 2, Moore 3, Boxwell 1, R. LeSourd 2, Douthett 2, Green 1, Foul goals: W. LeSourd 2, R. LeSourd 5 Douthett 3, Referee, Young.

The third team defeated Beaver Seconds 11-6, the lineup and summary being: Xenia (11) Beaver 2nds (6) Kennedy (6) Miller Wolary (6) Brewer Terrell (6) Hare (6) Huston (6) Johnson Cowan (6) Smart Substitutions: Wolary for Huston, W. Douthett for Wolary, Field goals: Kennedy 2, Terrell 2, Douthett 1, Hare 1, Foul goals: Wolary 1, Hare 1.

TWENTY YEARS AGO

Mrs. Dode Knisely and little son, Carl, have both been quite ill at their home on Chestnut street, but are now getting better.

The citizens of Spring Hill have reason to feel proud of their elegant new school building, now that the addition to it is being completed. The contractors will put the finishing touches to it within the next few weeks, but as the furnishings and other work connected with its completion will delay matters and the rooms will not be ready for use until the first of the school year. Four rooms have been added to the north side of the building making the tower in the center, and making a much handsomer and better balanced building.

The large water tank which has stood for so many years at the east end of the Pan Handle depot building will be torn away next week and the new one which has recently been erected will be put in use. The first through sleeping car of the season from Pittsburgh to Florida passed through Xenia over the Pan Handle yesterday afternoon. The car is run twice a week and is intended to accommodate winter tourists.

Xenians can leave here this afternoon and tomorrow evening can be in in Jacksonville without change of cars. The car will be run for a couple of months.

MRS. JOHN BRANNEN DIES LATE FRIDAY

Mrs. Martha Brannen, wife of John Brannen, of Home Avenue, died at 5 o'clock Friday afternoon, at the McClellan Hospital, following an operation. The operation took place on Thursday, and the condition of Mrs. Brannen was thought improving, until there was a sudden weakening of the heart action, which caused her death. Mrs. Brannen had been ill for two weeks preceding her operation.

Mrs. Brannen was the daughter of Joseph and Margaret Hoover, and was born in Bloomington, Clinton County, Ohio, April 18, 1866. Her marriage to Mr. Brannen took place December 24, 1886.

Besides her husband, Mrs. Brannen is survived by two children, a son and daughter, Mrs. Harry Toole of Louisville, Kentucky, and Ray Brannen, who is an employee of the O. S. and S. O. Home this city. Three sisters also survive, Mrs. John Barlow of Powersville, Mrs. Kuepen Mills of Greenville, Ohio, and Mrs. Cyrus Van Bell of Newark, Ohio.

Mrs. Brannen was an active member of the First Methodist Church, this city, and also of the Aldora Chapter of the Eastern Star, the Daughters of Rebecca, and the Royal Neighbors. The funeral services will be held Monday afternoon at 2 o'clock, with burial at Woodland. Friends wishing to call are asked to do so Sunday afternoon after 2:30 o'clock.

RECEIVE WORD OF DEATH RECENTLY OF NELSON McCLELLAN

Word has been received in this city of the death of Nelson McClellan, of Marysville, a brother-in-law of Mrs. Lattimer, who was formerly employed at the O. S. and S. O. Home, at the Mt. Carmel Hospital, Columbus, December 19.—Sleeping sickness was the cause of his death. Mr. McClellan was well known by many of the Home employees and pupils. Mrs. Lattimer who was recently injured in an automobile accident, is reported as doing as well as could be expected, and the physicians are hopeful of saving her injured limb.

SAMUEL SAUNDERS DIES SATURDAY

Samuel Saunders, 69, was found dead in bed at his home in Jamestown, at 7 o'clock Saturday morning. Mr. Saunders had been apparently in

good health Friday evening, being with friends in the village until ten o'clock. When his wife went to his room at seven o'clock Saturday morning she found he had passed away. A physician summoned pronounced death due to heart trouble.

Mr. Saunders was a well-known retired farmer, having operated a farm near Jamestown for a number of years and moving into the village about a year ago. He is survived by his wife, one son George Saunders at home and a daughter, Mrs. Walter Fields, of near Cedarville. Funeral arrangements have not yet been completed.

IT'S GOOD FOR CHILDREN

Mrs. C. E. Schwab, 1007 14th St. Canton, Ohio, writes: "We use Foley's Honey and Tar for coughs and find it one of the best remedies on the market, especially good for children's coughs, as it does not contain any drug that is harmful." Serious sickness often follows lingering colds. Hard coughing racks a child's body and disturbs strength-giving sleep, and the poisons weaken the system so that disease cannot be warded off. Take Foley's in time. Sayre & Hemphill.

NEW YEAR'S RESOLUTIONS.

"Another year's at the door; upon his arm, behold
A basket full of seeds and bulbs and cuttings manifold,
And in his hand, with rake and hoe, a spade all clean and bright,
For us to bury past mistakes and start the New Year right."

Shall we make good resolutions on New Year's Day? By all means, yes. New Year's Day is more fitly celebrated by new resolutions than in any other way. To be in the genuine New Year's spirit, we must think, ponder our mistakes, and resolve to "scrap" them.

It is right to make resolutions. That is to say, it is right to look ahead, to foresee wherein we are liable to slip down and to make up our minds to step clear of the fault. There may be more than one fault to avoid. One at a time is the best way to take them. We must have patience with ourselves.

What resolutions shall we make? The resolutions of many contrite folk partake naturally of the moral and religious nature. The sanest kind of resolution is that which has to do with a more vigorous spiritual life.

Then there are a few resolutions of practical good cheer and loyalty:

- I will be cheerful and avoid worry.
- I will control my tongue, my temper, and my thoughts.
- I will be loyal to my family, my community, my country, and humanity.
- Each victory over a wrong habit clears the way for the next.

WATER RUNS DOWN HILL AND IS CHEAP—WE SHOULD HAVE MORE.

Predictions that passage of the federal water power bill, which became a law last June, would greatly increase water power development in the United States appear to have been justified. According to a recent report of the federal power commission, which was created through provision of the bill, applications to December 13 for permits looking toward water power developments involve an expenditure of 1,200 million dollars, and would increase by more than 40 per cent present development.

Under the act of last June the federal power commission may issue licenses or franchises for the development of power sites for a period of fifty years. At the end of that time the government may purchase the plants by paying for the investment, or may issue a new license.

The field of enterprise here opened up is extensive. Although billions of dollars are represented in the many power projects already in use in this country and thousands of plants and millions of people are being served by them, only a small percentage of the potential water power of the United States is developed. The department of the interior has estimated the potential water power of the country at 60 million horsepower, of which less than 10 million horsepower developed by hydro-electric plants is in service today. Only four states have developed their water power 100 per cent, and many states have scarcely made a beginning at development. In California, where the use of electricity developed by water plants is extensive, only 10 per cent of the state's available water power is in use.

THE WAY TO END CRIME WAVES.

From the Brooklyn Eagle.

Chicago suffered from a crime wave. Mayor Thompson yielded to an insistent public demand and made a change in the commissioner's office. The new incumbent has courage, horse sense and indomitable energy. The results of his brief service are these: No unsolved murders in a month; no payroll holdups (a specialty of Chicago criminals) in six weeks; a record breaking series of arrests and convictions for strongarm crime.

The head of the department tells how he believes that a police force is primarily an agency for the prevention of crime rather than an agency for detection. "I believe," he says, "that the strongest factor to prevent crime is the uniformed policeman patrolling the street." To make patrolling efficient he abolished soft snaps in the department, cutting down special details and swivel chair assignments, and thereby adding one thousand more patrolmen to the street force.

Commanding officers in Chicago are held rigidly accountable for the districts under their control. A card index of every patrolman is kept at headquarters, showing the individual records of the men. Under this system collusion between dishonest policemen and criminals may not be made impossible, but it is made extremely difficult. Useless patrolmen can be weeded out. Incompetent commanding officers can be brought to book. The morale of the entire force is jacked up by the knowledge that there is at headquarters an observant and restless intelligence, which can and will punish derelictions as well as reward honest and faithful service.

"CARRY ON!"

THE MODERN NOVELS.

I reckon I'm a fossil, I fear I'm headed wrong, as down the world I jostle, amid the modern throng. It makes me sad and weary to read the New Romance, wherein the authors dreary give action not a chance. The good old plot of Dickens, of Collins and of Reade no more a novel quickens, and fiction's gone to seed. We have the ghastly study of problems touching sex, instead of pirates bloody on red and slippery decks. And serpent-women vamping, and socialistic cranks, through modern tales are tramping in pestilential ranks. Such books are not inviting to one who walked the earth when Charlie Reade was writing "The Cloister and the Hearth." And time on them seems squandered, small pleasure do they yield, to one who's walked and wandered with "David Copperfield." They jeer the old time writers; "Victorian," they say, and hint that men were blighters who wrote in that "past day. I would that story tellers who've hit the modern groove, would emulate those fellers, and make their stories move! Oh, I am tired of fiction devoid of stirring plots, that banks on charming diction and lines that end in dots. Through bookstores I go wending for stuff to read, in vain; I like a happy ending, I want the villain slain.

YOUNG RESIGNS LOCAL POSITION

Ward Young, of this city, who spent the holidays at his home in Canton, has returned to Xenia.

Mr. Young, who was the representative of the Hoover electric sweeper of this city, has resigned with that company, and has accepted the position of athletic coach at South High School, Lima.

Mr. Young is an athletic product of Wittenberg College, Springfield, having captained the football team there, and twice being selected as all-Ohio center. He also played on the varsity basketball squad at the Lutheran institution one year, and while in this city this fall, coached the Central High football team, working a quantity of green material into a

snappy football team. Mr. Young has been refereeing the high school basketball games, and will officiate at the three games at the Rink Friday evening. Saturday he will go to Springfield and will leave there for Lima Sunday.

DRIVEN FROM A FLAT

Mr. W. M. Fellers, who lived in Lima, Ohio, was compelled to move out of a flat because of his wife's ill health. The neighbors complained that they were annoyed and distressed by Mrs. Fellers' continued coughing. They believing her to have tuberculosis, asked the owner of the flat to have her move because of the danger to the other occupants.

Mrs. Fellers had taken cold which hung on and developed into serious bronchial trouble, she doctored but found no relief until she used Glando Pine. She says: "The first dose seemed to relieve me. Two bottles removed the cough entirely. I have gained in flesh and am just fine. My friends now tell me they never expected to see me out again."

To prevent a cough from developing into pneumonia, bronchitis or consumption use Glando Pine the same cough medicine Mrs. Fellers used. 3 oz. (60 cents worth) of Glando Pine will make one pint or 128 tea-spoon's full of excellent cough medicine. Every family should keep this valuable cough medicine on hand to use at the first indication of a cough or cold. May be given to very young children. They love to take it. The Gland-Aid Co., Ft. COMPLETES TRANSFER OF NEW PROPERTY

Special Tax Deputy C. B. Mowrer, of the County Auditor's office, completed the transfer of property included in the recent extension of the city corporate limits from Xenia City School District and Xenia Township to Xenia City corporation Thursday.

The transfer included 761 separate pieces of real estate, valued at \$250,000 that have been transferred from the school district and township tax duplicate to the city tax duplicate. Besides this the personal property belonging to the people who own the property, is approximately \$35,000 or a total of \$285,000.

Figured at the 1920 rate this would have given the city an extra income of \$1800 in taxes according to Mr. Mowrer if the property had been taken in in time, to be included in the 1920 taxes. The first payment of taxes under the new rate since the transfer to the city, will be December 1921.

URGES PURCHASE OF AUTO TAGS EARLY

The following letter has been received by Chief of Police M. E. Graham, from A. G. Snow, State Registrar of automobiles, regarding the necessity of securing the license plates that are now on sale:

"Motor vehicle license plates for 1921 were put on sale in one hundred towns in Ohio on Dec. 20th, 1920. This early date was selected in order that all owners might register their cars by January 1.

"A disposition to 'hold off' is reported from many distributing points. There will be no excuse for delay in securing license plates for 1921. Nearly 500,000 sets have been shipped to clubs and deputy registrars. The office at Columbus is prepared to take care of all mail orders promptly. Therefore, this department is asking your cooperation in seeing that passenger cars, trucks, motorcycles and trailers are equipped with 1921 tags, by Monday, Jan. 10th. Vehicles kept in storage do not require licensing until they are used on the streets or highways."

CADETS LOSE FIRST GAME THIS SEASON

The St. Brigid's Cadets lost their first game of the season Thursday night, to the O. S. & S. O. Home Orioles, by the score of 19-7.

The game was the first the Cadets have played on any court other than their own, and they were in poor form, missing many shots. The score at the end of the half was 10-3 favoring the Orioles, Hicks and E. Kelbie played well for the Cadets while Lutz and Chapp were mainstays for the Orioles. The lineup and summary:

Cadets (7): Orioles (19): Hicks, Lutz, R. Kelbie, Kinser, Donovan, Ashcraft, W. Rachford, E. Kelbie, Elkins. Substitutions: P. Rachford for W. Rachford, Field goals: Hicks 2, E. HOUSEHOLD HINTS

MENU HINT
Breakfast. Cereal Cooked with Dates. Soft Cooked Eggs. Rolls. Coffee.
Luncheon. Creamed Cod Fish. Baked Potatoes. Bread Crumb Muffins. Cabbage Salad. Stewed Prunes.
Dinner. Italian Spaghetti. Spinach. Banana, Apple and Peanut Salad. Coffee.

Sausage and Apples—Core fair sized apples smooth (any good baking apple will do). Grimes Golden, Northern Spy or Greenings are all good. Fill the opening with sausage—country sausage if procurable—put in just enough water to form a rich juice, enough brown, or better still, maple sugar, to sweeten to taste. Bake until tender. Odd but delicious.

Sour Milk Pancakes—Two cups sour milk, two scant teaspoons of salt, two scant teaspoons of sugar, two scant teaspoons of soda. (Take a teaspoon of each to every cup of sour milk.) Take flour enough to make a thin batter.

MAYONNAISE DRESSING.
One egg, one tablespoon sugar, one teaspoon salt, one teaspoon wet mustard, one teaspoon butter, one teaspoon flour dissolved in one-half cup water, one cup vinegar. Beat well and boil till smooth and thick, stirring all the time while boiling. Beat till it becomes chilled.

DISHWASHING HELPS
To remove the discoloration on the tips of spoons or other dishes made by egg yolks, use a little table salt applied with a soft cloth; then wash in hot suds, dry and polish with old wiping towel.

To cleanse vinegar cruets and other glassware on which unsightly deposits have accumulated, fill the bottle with a half-dozen buckshot or small pebbles and warm water, to which is added a pinch of baking soda and a sprinkle of washing powder. Shake vigorously. If the deposit is very thick leave overnight. Then rinse thoroughly with clean hot water.

If there is good hot water in the faucet try this way of rinsing the dishes: Stack the dishes upright in the drying pan and pour on a liberal supply of hot water. The dishes will dry themselves. If you have a section of rubber tubing attach to the faucet and spray through the tubing.

The drainboard should always be at the left of the sink, and high enough to prevent stooping at work. Have stacking surface to the right. Wash dishes of same size together. The dishpan should conform to the size and shape of the sink. Sitting down to work makes the strain less.

To clean a tea or coffee pot that has a rim of deposit inside fill the pot with warm water to which one-half teaspoonful of washing powder is added. Let stand until the next meal; pour off, rinse in clear hot water and lay with top off in the air and sun.

Never place the dishes or utensils which have contained custard, gelatin, egg or starchy food directly into hot water; always scrape thoroughly first and rinse in cold water; then wash in hot water.

One of the important uses of dish washing is to sterilize the dishes so they will be perfectly sanitary before the next meal. It can be done only if the water is hot enough, and also if it contains some natural sanitary cleansing agent, like a good soap or washing powder.

The Woman He Married

BY JANE PHELPS

A DINNER PARTY CHAPTER 53

The morning mail brought a letter from Dick's sister Agnes. She was coming to New York, and would spend a couple of days with us—"If we could put her up."

"Of course we can!" I said, when Dick read her letter aloud. "And oh, aren't you glad we are out of that horrid cheap apartment? It would be awful to try to entertain her there."

"Oh, I don't know that she is any better than we are! We lived there all right."

"But she is different. The change from her beautiful home would be so obvious. It is bad enough here when one compares them, but there—"

"Of course this is a much more comfortable apartment, Nan. But I was very fond of the old place—we were happy there you know, at first anyway."

After Dick left I commenced to get ready for my guest. I had not forgotten to tell him, however, to be sure and try to make more money; that we would want to have things very nice for his sister, do something to entertain her.

"All right! I'll do my best, but I don't cry if I lose."

I was delighted that I had added to my wardrobe before Agnes came.

With what I had ordered, the dress and blouse I could make a very good appearance for the short time she would be with us. A longer stay would have exhausted my changes.

She came at the end of the week. Dick met her, and came up with her. She brought Junior several lovely presents, and me a wonderful silk evening scarf. She presented Dick with a picture of his father in an expensive silver frame.

I was glad when Clara and Mrs. Stowell both called the next day; delighted to introduce the haughty aristocratic woman as Dick's sister. I saw at once that she had made an impression. And it administration to my pride.

That night Dick took us to the theatre. Agnes complimented me on my appearance, and said I must have a very fine dressmaker. I wanted terribly to mention Felice whom I was sure she had heard of, but didn't dare. She might tell Dick, and after what he had said I couldn't let him know—not yet—that Felice was making my clothes.

I gave a little dinner for Agnes the next night. I took great pains to have everything nice as possible. I asked Mr. and Mrs. Stowell, Clara and Jim, Tom and Laura Burbank. Dick wanted me to ask the Grays, but they were so much older I felt

We played Bridge after dinner, and I bought some very pretty prizes. To my delight Agnes won the lady's prize. Clara had sent her Victrola up by the janitor, and so we had some music.

Dick looked so proud and handsome as he carved at dinner; his sister had shown herself very affable while she too looked the aristocrat, that I was proud as a peacock. I didn't really like Agnes Deland, yet I was glad she was with us.

She told me candidly that the dinner was asuccess, that she had enjoyed herself. She rather spoiled it, however, by saying she did not like Clara Watson. She said: "Mrs. Watson doesn't ring true to me. If I were Dick I should object to your intimacy with her."

"Dick has nothing to say about my women friends," I was indignant. "He should have. Family counts with us if it doesn't with you. No one can afford to be careless in social matters."

I made no reply, but thought that as far as our social standing went what we did mattered a little. The Stowells were the only people we knew who made any pretensions.

Tomorrow—Dick Resents Nan's Nagging.

Reserving to John B. Wright, the former owner, the right of way 12 feet wide across the west end of said tract.

Tract 6.—Situate in said Military Survey, being all the water rights and privileges of whatsoever kind and nature including the right to maintain a dam on Oldtown Run at its present location and to maintain a canal or race therefrom, and to take the water from said stream which was conveyed to F. N. Linkhart, through John Day and wife by deed dated August 27th, 1879, recorded in Vol. 62 at page 59 Records of Deeds of said Greene County. The right is also hereby conveyed to said grantees to use all the water flowing into said canal or race from certain springs located on the land of said grantees (formerly owned by John B. Wright) adjacent to said canal or race. The right is also conveyed to said grantees to take all the water from said dam race or canal at such point as said grantees shall designate, but the said grantees hereby agree that they will take no water from said dam, canal or race (except such as they shall need for condensing purposes, which after use shall be returned to said canal or race) without first having sunk a well or wells upon their premises and having exhausted the supply of water therefrom. The right is also hereby conveyed to the said grantees to go upon the premises of said Linkhart or the premises where said dam and canal or race is located, to repair said dam and canal or race, or to rebuild the same, if for any cause said Linkhart or his assigns shall fail to keep the same in repair, or shall fail to rebuild the same if destroyed, but the dam shall not be raised above its present height without the grantees consent.

It is further agreed and understood, that the surplus water from said springs, not used by said grantees, shall be conducted by them to said canal or race, and allowed to flow therein, and whenever it shall become necessary for said grantees to clean out their reservoirs at said springs, they shall draw the water therefrom and conduct it across the canal or race afore-said and into the present overflow or water-way of said grantor, in such a manner as to do his said canal or race no damage; and it is further understood and agreed that said grantor shall make good to said grantor all damages to the embankments of said canal or race or from the filling up of said race or canal, by soil or other substance caused by any act of said grantees. It is further understood and agreed that said grantees shall use only such amount of water from said dam, race or canal, as shall be sufficient to supply with water the City of Xenia and surrounding territory.

ALSO the following personal property: All the pumps, boilers, connections and valves, contained in the two pumping stations on the aforesaid real estate, together with all other equipment including pipe lines. Said property is to be sold and conveyed to the highest bidder by a general warranty deed therefor, for cash.

Bids will be received upon the aforesaid personal and real property in the following manner:

1. The Cincinnati Pike real estate, separately;
2. Any or all items of personal property located at said Cincinnati Pike Station;
3. The real estate and any and all items of personal property as a whole;
4. The Springfield Pike real estate, separately;
5. Any or all items of personal property at the Springfield Pike station;
6. The real estate and any or all items of personal property as a whole.

And said property will be sold in whichever way will bring the most money.

Each bid must be accompanied by a certified check for three percent (3%) of the amount of each bid to show good faith on part of purchaser. Checks of unsuccessful bidders will be returned immediately; and checks of successful bidders will be retained until the purchaser has settled for said property.

The right is reserved to reject any and all bids.
